Bus Behavior:

Safety is the main concern of the bus driver. The bus driver is not expected to discipline other than asking the students to keep the noise volume down. Students are expected to sit in their seats at all times, facing forward. They may talk quietly, read a book, look out the window or play a quiet game. Guidelines that students should comply with are such that they should behave as though they are driving in a car with their parent.

I, the Parent/Guardian have discussed the terms and conditions with the student(s) and agree to the bus contract

I, the Parent/Guardian give consent for Webber Academy to release contact phone numbers to Southland Transportation.
