get involved,  
**VOLUNTEER!**

The Webber Academy Parent Council  
**Communicates, Connects and Coordinates**  
support to three key areas of our school community:  
**Students, Parents, and Administration.**

A number of Parent Council committees provide countless opportunities to share your time, particular talents, professional and personal expertise, and specific interests while you contribute to the overall excellence and development at Webber Academy.

In doing so, you will meet and interact with an amazingly diverse group of like-minded parents while you develop lasting friendships.

**You are invited and encouraged to provide your contact information on this form.**

Please feel free to supply additional information, such as certain talents or interests you wish to share in the "Comments" section.

As volunteers are required for the many events throughout the year, you will be contacted. You are also encouraged to stay up-to-date with Parent Council activities by attending the regular meetings held monthly on the first Wednesday at 8:45 a.m. at Webber Academy.
