30	31			
Spring Break	Spring Break			

Nutrition Note: Did You Know? Wylie's kitchen has Carico brand pots & pans. Carico is made with surgical stainless steel, the most sanitary metal to contact food. Carico cookware is equipped with Thermal Core technology, which provides even heat conductivity and makes it possible to cook without adding grease, fats or water. This technology also enables the preservation of valuable vitamins and minerals many of which are normally destroyed or lost when you boil or steam food on high heat.

We believe that good nutrition and a healthy lifestyle are essential to a child's growth, health and well-being. Chef Thuy and her team have worked hard to create fun, healthy, mostly organic meals that kids will enjoy, while providing convenience and peace of mind to busy, caring parents.
